SUMMARY

Motivated Python Developer and AI/ML Enthusiast pursuing a Bachelor of Computer Applications (BCA), with hands-on experience building AI-powered web applications using the Anthropic API, Flask, and JavaScript. Passionate about machine learning, engineering clean backend workflows, and translating complex AI capabilities into practical, user-friendly products.

TECHNICAL SKILLS

Languages:	Python, JavaScript, SQL, HTML / CSS
Frameworks & Tools:	Flask, React 18, NumPy, Pandas, scikit-learn, SQLAlchemy, Vite
AI & Prompting:	Anthropic API (Claude), OpenAI API, Prompt Engineering, Jupyter Notebook
Developer Tools:	Git, GitHub, GitHub REST API, GitHub Pages

PROJECTS

AI Resume Analyzer

Recent Project

- Developed an AI-powered web application that analyzes user resumes and parses matching GitHub profiles to evaluate technical alignment using the Anthropic API.
- Designed an intuitive dashboard interface featuring structured tabbed inputs, real-time scored analysis report generations, and a consistency/gap view comparison mechanism.
- Technologies Used: HTML, CSS, JavaScript, Anthropic API, GitHub REST API, Flask*

SightMind-AI

Recent Project

- Engineered an automated image captioning and smart task prioritization web application that seamlessly combines advanced computer vision with intelligent to-do workflow management.
- Deployed a live client application on GitHub Pages ensuring minimal asset loading delay and responsive device views.
- Technologies Used: HTML, CSS, JavaScript, Anthropic API, GitHub Pages*

AI Study Buddy

Recent Project

- Built a smart interactive quiz generator tool that parses complex PDF textbooks and dynamically generates custom revision questions using Claude Sonnet models.
- Implemented comprehensive localized browser storage to retain student session history logs and individual assessment performance statistics.
- Technologies Used: React 18, pdfjs-dist, Anthropic API, GitHub Pages*

EDUCATION

Bachelor of Computer Applications (BCA)

2024 – 2027

T. John College (Autonomous), Bengaluru

CERTIFICATIONS

- Python Pro Bootcamp** — Udemy
- Machine Learning Using Python** — Simplilearn

SOFT SKILLS

Teamwork & Collaboration, Problem-solving, Clear Communication, Multitasking, Time Management, Positive Attitude.
